

## 9/24/17 Third Complaint [2:17-CV-0217-TOR]

Dr. Gregory Bahder by putting me on level restriction and ward hold because I am Black and Native is discriminating against me, when he does this it does not give me the right to go outside and smoke and I can't have any of my personal coffee or snacks, but when this patient Jason Goodpartor is doing the same thing I'm doing which is exercising my freedom of speech because he is a white man, no restrictions are placed on him. That's clearly a state of discrimination also.

Sean Caldwell is my Forensic therapist like a social worker he's supposed to help me succeed not make it harder for me to get out of this hospital. He is constantly putting restrictions on me for petty stuff. Then he and doctor Bahder don't want me to succeed and get out of here cause they're constantly restricting from things. I haven't hurt any body since I've been here. I don't even think I have mental problems and they're forcing me to take antipsychotics that are messing with my brain. I truly believe GOD has cured me of my mental illness and I'm being held here against my will which feels like I'm in a concentration camp.

On this day I witnessed a blatant case of discrimination by doctor Bahder he told me directly that ~~he~~ He can't take any body of restrictions without the team their. He at 3:35 to Jason Goodpastor off restrictions without the team being present because the patient is white and I'm Black and Native. Where is the justice in that. That's telling me because the color of my skin I have no rights at Eastern State Hospital and I was born in the U.S.A.
